

# Installation instructions for slide swing aisle combination

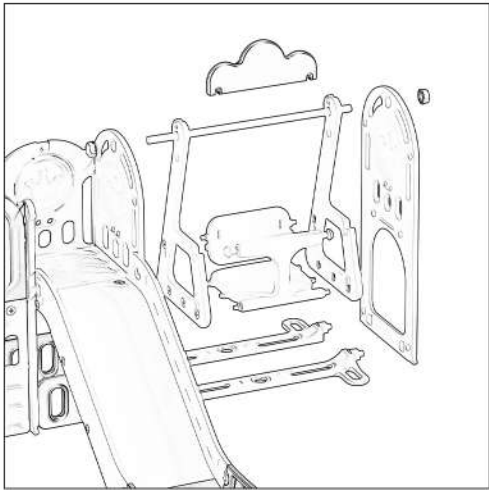

Step 1: After assembling the stair side panel and stair treads with five corner nuts as shown in the diagram, connect the U-shaped side panel to it with a large nut

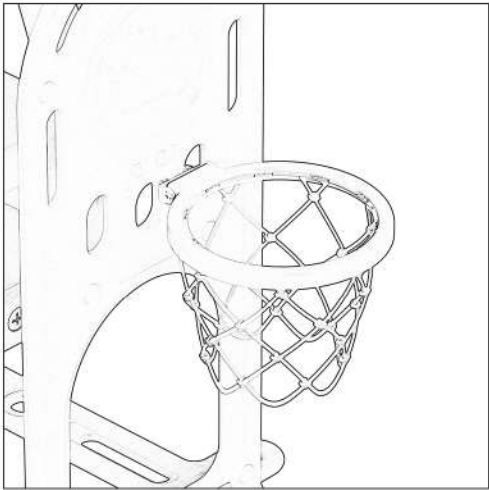

Step 2: Assemble the side plate, upper side plate, lower baffle, and platform with large nuts as shown in the figure. Then, use large nuts to assemble the slide tongue side plate and slide tongue of the slide, and connect the two with large nuts

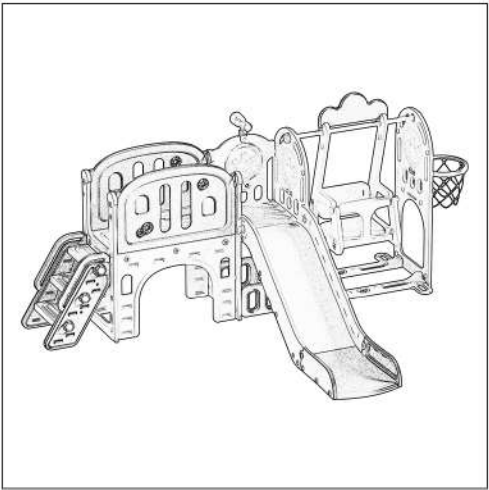

Step 3: Use large nuts to assemble the small aisle baffle, small aisle platform, large aisle baffle, large aisle platform, and large aisle arch as shown in the picture, and then connect the stairs and slides assembled in the first two steps

Step 4: Assemble the swing and connect it to one side of the slide with a nut

Step 5: Connect the basketball frame with a small nut

Step 6: Installation completed
